

SAQIB ENTERPRISES

HVAC Solutions — Refrigerant Gases, Compressors & Parts

COMPANY PROFILE • SINCE THE 1980s

• REFRIGERANT GASES

• COMPRESSORS

• PARTS & COMPONENTS

COMPANY OVERVIEW

 Who We Are

Saqib Enterprises is a Pakistan-based HVAC solutions provider, supplying refrigerant gases, compressors and refrigeration components since the 1980s, from offices in Karachi and Lahore. The company is an official distributor of Honeywell Genetron® and Solstice® refrigerant gases, and supplies compressors from Secop GmbH and Jiaxipera Compressor Co., Ltd., alongside a value-tier refrigerant gas range from Shandong Dongyue Refrigerants Co., Ltd. (DY).

Saqib Enterprises is part of the **Altat & Sons Group**, a diversified group also encompassing **Prime Chem** — active in polyester yarn, polymers, cotton yarn, solar panels and chemicals. Over decades in the industry, Saqib Enterprises has built a reputation for supplying genuine, verified product in a market where counterfeit and relabeled stock is common — serving textile mills, supermarket chains, cold storage facilities, HVAC technicians and appliance manufacturers nationwide.

Honeywell & Solstice Distributor

OUR PURPOSE

 Mission & Vision

MISSION

To supply genuine, reliable HVAC solutions — refrigerant gases, compressors and components — that keep Pakistan's industrial, commercial and retail sectors running safely and efficiently.

VISION

To be Pakistan's most trusted name in HVAC supply, recognized for authenticity and dependable service as the industry moves toward lower-impact refrigeration technologies.

OUR VALUES

Authenticity	Genuine, verified stock — never relabeled or counterfeit product.
Reliability	Standing bulk supply relationships built on consistent stock and honest communication.
Technical Expertise	Decades of hands-on knowledge in refrigerant chemistry and compressor specification.
Responsibility	Supporting Pakistan's transition toward compliant, lower-impact refrigerants.

OUR PARTNERS

Who We Work With

ADVANCED MATERIALS

Honeywell & Solstice® Advanced Materials

Honeywell is a global leader in developing and manufacturing high-performance fluorocarbon refrigerants, and is the technical forerunner of '4th Generation' HFO refrigerants for commercial and industrial refrigeration worldwide. Its refrigerant business — including the Genetron® and Solstice® brands — is transitioning to Solstice Advanced Materials, an independent company using the Honeywell name under a time-limited licence during the changeover.

Shandong Dongyue Refrigerants Co., Ltd. (DY)

A refrigerant manufacturer supplying a value-tier gas line alongside our Genetron®/Solstice® range, for budget-conscious orders.

Jiaxipera Compressor Co., Ltd.

A leading manufacturer of environment-friendly, energy-saving refrigerator compressors, supplying major global appliance brands.

Secop GmbH

A globally recognized compressor brand, supplying reliable hermetic compressors for household and light-commercial refrigeration.

TECHNOLOGY SPOTLIGHT

Honeywell & the 4th Generation

Honeywell is a global leader in developing high-performance fluorine-based refrigerants, and is the technical forerunner in '4th Generation' HFO (hydrofluoroolefin) refrigerants for the commercial and industrial refrigeration industry worldwide. Its Solstice® range — including Solstice yf (R-1234yf), Solstice ze (R-1234ze), and Solstice N40 (R-448A) — was developed as a lower-GWP alternative to older, higher-impact refrigerants such as R-134a, R-404A and R-410A, without compromising performance.

PRODUCT LINES

Refrigerant Gases

Genetron® & Solstice® (Honeywell)

Gas	Used For
R-134a	Automotive AC, household & commercial refrigerators, chillers
R-404A	Commercial refrigeration — cold rooms, freezers, transport
R-407C	Drop-in-style replacement for R-22 in commercial AC
R-410A	Modern residential & light-commercial split AC
R-22	Servicing older AC & refrigeration systems (legacy)
R-1234yf (Solstice yf)	Low-GWP alternative to R-134a for automotive AC
R-513A	Low-GWP alternative to R-134a for chillers & commercial refrigeration
R-452A	Low-GWP alternative to R-404A for commercial & transport refrigeration
N40 (Solstice N40)	HFO blend replacing R-404A in supermarket refrigeration

Underlined gas names link to official Genetron®/Solstice® product specification pages.

Shandong Dongyue Refrigerants Co., Ltd. (DY) — Value Line

Gas	Used For
R-134a	Automotive & household refrigeration — budget alternative
R-404A	Commercial refrigeration — value-tier
R-407C	Commercial AC — value-tier R-22 replacement
R-410A	Residential split AC — value-tier
R-22	Legacy system servicing — value-tier
R-32	Modern residential split AC, lower GWP than R-410A
R-507	Commercial & low-temperature refrigeration

Full range across both Genetron®/Solstice® and Dongyue lines available on request.

Copper Tubes, Filter Dryers & Refrigeration Parts

Alongside gases and compressors, we supply copper tubing, filter dryers and other refrigeration components for installation and repair work.

PRODUCT LINES

Compressors

We supply hermetic compressors from **Secop GmbH** and **Jiaxipera Compressor Co., Ltd.** — covering household refrigerators, freezers, water coolers and light-commercial units, in both R134a/R404A and R600a variants. Our range spans **fractional horsepower sizes from 1/2 HP to 3/4 HP** and beyond, including **inverter (variable-speed) models** for higher-efficiency applications. Both ranges below reflect our **complete compressor lineup**.

Secop GmbH

Model	Used For	Refrigerant
FRK7.5G	Household refrigerators & freezers	R134a
FRK8.5G	Household refrigerators & freezers	R134a
FRK10G	Household refrigerators & freezers (higher capacity)	R134a
FRK11G	Household refrigerators & freezers (higher capacity)	R134a
NL7.3FT	Household & light-commercial freezers	R134a
NL8.4FT	Household & light-commercial freezers (higher capacity)	R134a
SC12G	Light-commercial refrigeration	R134a
SC15G	Light-commercial refrigeration	R134a
SC18G	Light-commercial refrigeration (higher capacity)	R134a
SC21G	Light-commercial refrigeration (higher capacity)	R134a
SC21MFX	Light-commercial refrigeration, medium-temperature applications	R134a
SC12CL	Commercial refrigeration & display units	R404A
SC15CL	Commercial refrigeration & display units	R404A
SC18CLX2	Commercial refrigeration & display units (higher capacity)	R404A
SC21CL	Commercial refrigeration & display units (higher capacity)	R404A

Jiaxipera Compressor Co., Ltd.

Model	Used For	Refrigerant
M1070Z	Compact household refrigerators	R134a
T1113KZ	Household refrigerators	R134a
T1116GZ	Household refrigerators (higher capacity)	R134a
T1117Z	Household refrigerators	R134a
NT1117GZ	No-frost household refrigerators	R134a
NS1119GZ	No-frost household refrigerators (larger capacity)	R134a
TG1114Y	Household refrigerators & freezers	R600a
TT1116Y	Household refrigerators & freezers	R600a
NS1119Y	No-frost household refrigerators & freezers	R600a
VTG1116Y	Inverter (variable-speed) refrigerators & freezers	R600a

VTG1116Y is an inverter-type compressor — variable-speed for improved efficiency. Full technical datasheets available on request.

MARKET

Who We Serve

Textile Mills Bulk refrigerant supply for industrial climate-control and process cooling.	Supermarket & Retail Chains Refrigerant and compressors for cold-storage and display units.
HVAC Workshops & Technicians Retail-to-bulk gas and spare compressors for service work.	Cold Storage, Food & Pharma Commercial-grade refrigerant for cold rooms, freezers and pharmaceutical cold-chain storage.
Appliance Manufacturers Compressors sized to fridge and freezer production lines.	Industrial Factories Standing bulk orders for large-scale operations.

CREDENTIALS

Why Choose Us

Official Distributor	Listed on Honeywell's own official distributor register for Genetron® and Solstice® refrigerants — recognized as a 2026 Solstice Platinum Stationary Channel Partner.
Decades in Business	Operating continuously since the 1980s, importing and distributing genuine product.
Multi-Brand Range	Honeywell, Solstice, Shandong Dongyue Refrigerants (DY), Jiaxipera and Secop under one distribution relationship.
Two-City Presence	Offices in Karachi and Lahore serving customers across Pakistan.

"For over four decades, Saqib Enterprises has supplied the refrigerant gases and compressors that keep Pakistan's industries running — genuine product, straightforward advice, and long-term relationships over one-off sales. As the industry moves toward lower-impact refrigerants, we intend to stay ahead of that transition, not behind it."
